

Lets Pray.

By your wounds Lord Jesus..... we are healed.

By your wounds Lord Jesus.....we are set free.

We come into Your presence, Father God & dwell in the truth of your love.

With these thoughts in our hearts, we pray into the needs of our fallen, broken world.
A world waiting to be healed & a world waiting to be set free.

Faithful God, hold our nation in Your hands. We pray for your presence to rest upon our politicians, as they endeavour to navigate a way through the lingering effects of Covid. Grant them wisdom & insight into all the decisions they are constantly having to make.

We ask you Lord to draw the scientists & experts closer to finding solutions to this pandemic. Aid them, we pray, as they continue to search for suitable vaccines.

During this time of further restrictions, we bring to you all who are feeling vulnerable & anxious & finding the constant changes difficult to cope with.

We also pray for those who have become unemployed or are at risk of losing their jobs. Gracious & loving God, we cry out to you on their behalf.

Lord in Your mercy, hear our prayers.....

Sovereign Lord, King of Kings. We are grateful that we are able to return to church, albeit, differently, to worship together. Uphold our vicar Jeni & continue to provide her with the grace she needs to deal with the ongoing changes which occur & decisions she has to make.

We remember before you our children's activities & ask you to provide a successful & trouble free re-opening of some their events.

We bring to You our wardens, working tirelessly for the smooth running of the church. Bring to each of them & also those who are working behind the scenes, the gift of sustenance & wisdom. Thank You Father for the many blessings we share & the amazing gifts you bestow upon us.

Lord in Your mercy, hear our prayers.....

Heavenly Father, it is with heavy hearts we bring before you the matter of sexual abuse within your church. Lord, we grieve the spoiling of your glorious image by those who are guilty of these crimes. We pray sincerely for satisfactory safeguarding policies & procedures to be set in place.

Lord in Your mercy, hear our prayers.....

We remember in our prayers those who are unwell. We pray for David Taylor & his wife Corrine. We pray that they would rest in the shelter of your shadow during this difficult time for them.

We spend a moment in quiet prayer bringing before you all those known to us personally, who need our prayers.

These Lord are the prayers of your people. Hold us in your care.

By your wounds Lord Jesus, we are healed.

By your wounds Lord Jesus, we are set free.

Merciful Father, accept these prayers for the sake of your son our saviour Jesus Christ Amen.
