

7th Feb Altogether Service

Prayers

Some of you have sent in some pictures you have taken of nature and written a prayer to go with them. Why not watch the screen as I read through the prayers.

1. Thank you, God, for the beauty of nature, thank you that in it we can see your hand in it all.
2. Thank you, God, for each living thing on earth, each their own skill and beauty taking after you.
3. God be with all animals coming across human waste. Protect them and help us to save our wildlife & stop putting animals in danger.
4. Thank you, Lord Jesus, for the beauty around us.
5. Thank you, God, for the sea, the peace and sounds bring me to you.
6. God help us to look after our planet better, making bush fires stop and animals to remain safe & not have to fear.
7. Lord protect our coral reef all over the world to not die out but to continue to be healthy and enjoyed by all sea creatures.
8. God be in the reversal of climate change. Keep the arctic from melting and keep safe all who live there.
9. Thank you for the beauty of snow drops that we can see new life this winter.
10. Help us to stop harming our environment. Thank you for the ability to recycle and clean up our world.
11. Thank you for our farmers who care for their land and crops and give us good and healthy food.
12. Thank you for windmills and solar panels which stop us from using fossil fuels which damage your creation.
13. Thank you, God, for trees, that they give us oxygen to breath. Amen

Thank you for sending your beautiful pictures. God creation is truly AMAZING! And we have some work to do to care for it.
