

Praying Through This Week 25th October 2021

As long as the earth endures, seedtime and harvest,
cold and heat, summer and winter,
day and night will never cease (Genesis 8:22)

Harvest is an opportunity to give thanks and to praise God for all creatures of each and every kind, and for all the things that grow on our planet.

Harvest reminds us that all things were created to praise and glorify God. Nature matures in autumn even without human help. Wild creatures enjoy the fruits of the season.

God is in control of all these amazing things, not us, they will go on regardless and **will never cease**.

God our Father, you created our amazing world, and everything in it, and sent your own Son to live among us, in human form, breathing the same air, marvelling at the same creation we do.

Help us to really appreciate the life around and within us

Remembering that you live in each one of us

May we love all that you have created and care for the earth as your gift and our home. Amen.
