

Praying through the week 8th July 2024

The New Testament

“I am the Alpha and the Omega, the first and the last, the beginning and the end.” Revelation 22:13

What a powerful statement to make, if it were said about anyone else, we would wonder about how deluded they were. But not in God’s case. He is eternal. He was, is, and always will be. He is also everything we need. He is our beginning and our end. It means what is says, that there is nothing before God and that there is nothing after God, there is nothing more important or has more status than God

Heavenly Father, when we truly reflect on who You are, we are lost for words.

Help us to have the knowledge and understanding to appreciate your importance.

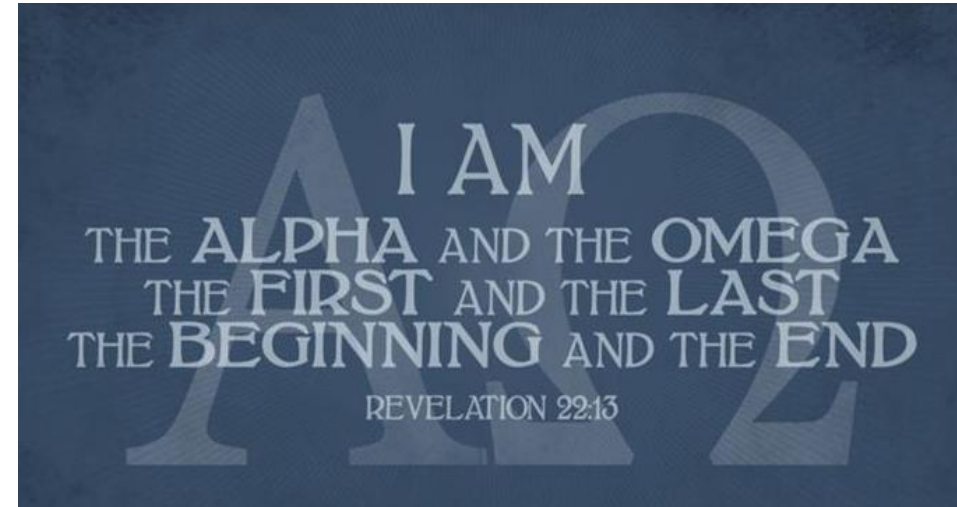

Give us the faith to realise that these words are true.

May we always be aware of all that you do for us and others.

Vicky
